MEMORANDUM FOR: Project Director

SUBJECT: Quasi-Personal Transportation - 

1. Recently stepped-up transportation requirements between  and the various contractors which is expected to increase further as future deployments take place dictates a need for a sterile vehicle at 

2. It is believed that the best sterility can be obtained by having  procure the required vehicle in the Los Angeles area on a quasi-personal basis exercising the necessary deeds of trust, etc.

3. A survey of the Los Angeles market indicates that a Ford Mainline Ranch Wagon, 6-cylinder, with standard transmission and equipment, including insurance, tax, license, etc., as outlined on the attached sheet can be obtained for an approximate total cost of \$2258.31.

4.  is currently using his own station wagon on a mileage basis for this type of activity, but the volume has gotten to a point where government furnished transportation should be utilized.

5. It is therefore requested that approval be granted for the purchase of a quasi-personal vehicle with the approximate amount of \$2258.31 as itemized in the attached sheet.

Director of Material

Enclosure:

Itemized estimate of cost of sterile vehicle.
